

At a Glance: 2018 Nissan 370Z Coupe

For 2018, Nissan's iconic 370Z Coupe adds a number of significant enhancements – starting with a revised exterior that includes dark headlight treatment, dark tinted rear combination lights, new blackout rear lower fascia and new 19-inch aluminum-alloy wheel design.

Under the skin, the legendary 370Z driving experience has been enhanced through optimized acceleration and torque profile tuning. Without changing the engine's internal structure or components, engine performance is improved through careful refinement of Accelerator Pedal Opening (APO) and Throttle Valve Opening (TVO) angles. Manual transmission-equipped 370Z models feature new motorsports-inspired EXEDY® high-performance clutch.

In addition, for 370Z Coupe buyers wanting to stand out from the crowd even further, a new Heritage Edition package is offered on the base 370Z grade. The Heritage Edition is available in two exterior colors. The Chicane Yellow Heritage Edition features black outside mirrors, gloss-black graphics and yellow interior trim. The Magnetic Black Heritage Edition includes gloss-silver graphics and yellow interior trim.

Also, the new model year adds a bold new exterior color – Passion Red – to the 370Z Coupe color palette. The Passion Red paint uses a high brightness aluminum pigment in the base coat and Nano-pigment tinted clear coat to give it a vivid, jewel-like red color that looks different depending on the viewing angle.

Other 2018 enhancements include two additional speakers for the base 370Z audio system and the addition of an electric interior hatch release switch on the center console.

As in previous years, the Nissan 370Z offers extraordinary performance and design. The instantly recognizable 370Z exterior, with its LED running lights and boomerang-style taillights, is matched with an innovative driver-centric three-layer interior design that groups items by how a driver sees information, operates the controls and is held in place – so drivers feel completely connected and engaged whenever and wherever they drive.

The 2018 370Z Coupe is offered with a standard 332-horsepower 3.7-liter DOHC V6 engine with Variable Valve Event and Lift Control (VVEL) and choice of 6-speed manual transmission with an available SynchroRev Match® synchronized downshift rev matching system with new motorsports-inspired EXEDY® high-performance clutch, or a 7-speed automatic transmission with available paddle shifters.

The available Bose® audio system incorporates Active Noise Cancellation (ANC), which generates canceling sound to remove undesirable low frequency engine noise while preserving invigorating sounds of engine performance. The result is a more “pure” sound. The system is also utilized on the Nissan GT-R. In addition, the system's Active Sound Enhancement (ASE) enhances natural engine sounds to help bolster the driver's acceleration experience.

Other available technology features include RearView Monitor, Nissan Hard Drive Navigation System with 7-inch VGA touch-sensitive display, USB connectivity and iPod® connection, NavTraffic® with Real-Time Traffic Information and NavWeather™ (SiriusXM® subscription required, sold separately), Bluetooth® Streaming Audio and Nissan Intelligent Key®.

The 2018 370Z is offered in four well-equipped trim levels: 370Z, Sport, Sport Tech and Touring. Also available are the Nissan 370Z NISMO Tech, along with three 370Z Roadster models – 370Z Roadster, 370Z Touring Roadster and 370Z Touring Sport Roadster.

Highlights of the 2018 Nissan 370Z Coupe include:

Body

- High rigidity body with a dynamic presence and advanced aerodynamics
- Revised front end design with NISMO dark-tinted headlights
- Aggressive front fascia with vertical LED daytime running lights
- New blackout rear fascia and dark-tinted rear combination lights
- Red reflector for rear fascia
- Authentic Z® sports car design and proportions with long hood and canopy cockpit
- Short wheelbase (100.4 inches) and length (167.5 inches), aggressive stance
- Lightweight aluminum hood, doors and hatchback
- High Intensity Discharge (HID) bi-functional xenon headlights and LED brake lights with distinctive “boomerang” design
- Signature vertical door handles with new Black Matte chrome finish
- Dual power and heated remote control outside mirrors
- Electric rear window defroster
- Front fender-mounted Z® side markers (Touring, Sport, Sport Tech)
- Available front chin spoiler and rear spoiler (Sport, Sport Tech)
- Heated side rearview mirrors (Touring, Sport, Sport Tech)
- Available custom graphic treatment as part of 370Z Heritage Edition – black decals on yellow exterior, silver decals on black exterior
- Seven available exterior colors: Magnetic Black, Brilliant Silver, Pearl White, Gun Metallic, Deep Blue Pearl, Chicane Yellow (Heritage Edition only) and new Passion Red (replaces Black Cherry)

Engine and Driveline

- Front engine/rear-wheel drive
- Fourth-generation VQ series 3.7-liter engine, 24-valve DOHC V6 (VQ37VHR), rated at 332 horsepower @ 7,000 RPM, 270 lb-ft of torque @ 5,200 RPM
- Variable Valve Event and Lift (VVEL) system
- Micro-finished crankshaft and camshaft; small pitch, silent cam chain; drive-by-wire throttle
- Oil cooler
- Standard 6-speed close-ratio manual transmission
- Available SynchroRev Match®, the world’s first synchronized Downshift Rev Matching manual transmission allowing heel-toe-like downshifting (Sport, Sport Tech manual transmission models)
- Available electronically controlled 7-speed automatic transmission with manual shift mode, Adaptive Shift Control (ASC), Downshift Rev Matching (DRM)
- New motorsports-inspired EXEDY® high-performance clutch (manual transmission models)
- Available paddle shifters (Sport, Sport Tech 7AT models)
- Dual outlet exhaust
- Carbon-fiber composite driveshaft

Suspension, Steering and Braking

- Double-wishbone front suspension, rear multi-link suspension; 3-point front strut tower brace; high response shock absorbers
- Large diameter front and rear hollow stabilizer bars
- Vehicle speed-sensitive power rack-and-pinion steering
- Available Viscous Limited-Slip Differential (VLSD) (Sport, Sport Tech)
- Power-assisted vented front and rear disc brakes, 4-wheel Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD) and Brake Assist
- Available Nissan Sport Brakes with 14.0-inch front/13.8-inch rear rotors and 4-piston front/2-piston rear aluminum calipers, red caliper finish (Sport, Sport Tech)
- 18-inch aluminum-alloy wheels and 225/50R18 front / 245/45R18 rear Yokohama ADVAN Sport tires
- Available new design 19-inch RAYS lightweight split 5-spoke forged-alloy wheels with 245/40R19 front / 275/35R19 rear Bridgestone Potenza S007 tires (Sport, Sport Tech)

Interior Features

- High quality interior with innovative, driver-centric “three-layer” design with information, operation and holding layers
- 2-passenger seating, with unique driver and passenger seat designs and functions
- Driver’s seat shaped to help hold the body firmly in place without interfering with shifting
- 8-way manual driver’s seat, 4-way manual passenger’s seat with manual seatback fold-down function; available 4-way power adjustable heated seats (Touring)
- Black woven “carbon” seat cloth
- Available synthetic suede and leather-appointed seating (Touring)
- 3-pod gauges – similar to the original 240Z design
- Tilt steering column with integrated instrument cluster
- Adjustable front head restraints
- Automatic temperature control
- Leather-wrapped 3-spoke steering wheel with Z[®] emblem
- Two additional speakers added to base 370Z audio system (six total)
- Available Bose[®] audio system with 8 speakers (standard on Touring, Sport Tech models)
- Available Active Noise Cancellation (ANC) (Touring, Sport and Sport Tech models)
- Available Active Sound Enhancement (ASE) (Touring, Sport and Sport Tech models)
- Available SiriusXM[®] Satellite Radio (standard on Touring and Sport Tech models, SiriusXM[®] subscription required, sold separately)
- Standard Bluetooth[®] Hands-free Phone System
- Available Nissan Hard Drive Navigation System with 7-inch VGA touch-sensitive display, USB connectivity and iPod[®] connection, NavTraffic[®] with Real-Time Traffic Information and NavWeather[™] (SiriusXM[®] subscription required, sold separately) (Touring, Sport Tech models)
- RearView Monitor (Touring, Sport Tech models)
- Bluetooth[®] Streaming Audio (Touring, Sport Tech models)
- Power windows with auto one-touch up and down feature
- Power door locks with auto locking feature
- Available aluminum-trimmed pedals (Touring model)
- Available HomeLink[®] Universal Transceiver (Touring, Sport Tech models)
- Two 12-volt power outlets, three cupholders (two in door panels, one in center console)
- Available rear cargo area cover (Touring model)
- Cruise control
- Nissan Intelligent Key[®] with Push Button Ignition
- Available auto-dimming rearview mirror (Touring, Sport Tech models)

- New rear hatch opener switch added to center console
- Available yellow trimmed interior (370Z Heritage Edition)

Safety and Security

- Nissan Advanced Air Bag System (AABS) with dual-stage supplemental front air bags with seat belt sensors and occupant classification sensor
- Seat-mounted side impact supplemental air bags
- Roof-mounted curtain side-impact supplemental air bags
- 3-point front seat belts with pretensioners and load limiters
- 3-point ALR/ELR seatbelts (driver's seatbelt ELR only)
- Front and rear crumple zones
- Active Head Restraints
- Zone Body Construction
- Energy-absorbing steering column
- Vehicle Security System (VSS)
- Nissan Vehicle Immobilizer System
- Vehicle Dynamic Control (VDC) with Traction Control System (TCS)
- Tire Pressure Monitoring System (TPMS)

Models

- Offered in four models: 370Z, Touring, Sport and Sport Tech
- Also available in 370Z NISMO Tech and three 370Z Roadster models – see www.NissanNews.com for full details
