Nissan celebrates 55 years of Z history with Heritage Edition model

Limited-edition version is inspired by Z cars of decades past

NASHVILLE, Tenn. – For the 2024 model year, Nissan celebrates a [legacy of sports car excitement](#) with the Z Heritage Edition. Limited in quantity and featuring exclusive design elements, the 2024 Nissan Z Heritage Edition pays homage to the appearance of the S30-generation Datsun 240Z, which was unveiled 55 years ago in 1969. The distinctive color scheme of the Heritage Edition pays tribute to the iconic orange body available on the original S30.

The Heritage Edition is based on Z Performance and offered with either a 6-speed manual or 9-speed automatic transmission. It draws attention with exclusive New Sight Orange paint, a new front fascia with more rectangular grille openings, 19-inch alloy wheels and fender extensions at each corner, all harkening back to the look of the historic 240Z. The striking orange bodywork is accented by a black hood decal, bodyside decals and exclusive Heritage Edition decals around the Z emblems aft of the quarter windows.

The Heritage Edition is based on the Z Performance grade and features a twin-turbo 3.0-liter V6 engine rated for 400 horsepower, a mechanical limited-slip differential, Nissan Performance brakes with red calipers and other highly desirable features. It is the latest in a [long line of special edition Z models](#) honoring the iconic sports car's history of driving thrills both on the road and track.

The 2024 Nissan Z Heritage Edition goes on sale this summer with a starting Manufacturer's Suggested Retail Price (MSRP)¹ of \$59,135.
